A DEFENSE OF SYNDICATES

MADE BY INSURANCE COMPANY OFFICIAL

Treasurer of Mutual Life Testifies Before Legislative Committee—Also Tells of Personal Profits Made.

New York, Sept. 13.—A vigorous defense of syndicates and their operations in connection with insurance business and frank statement of personal profits gained through their operations made by Frederick Cromwell, treasurer of the Mutual Life Insurance company, was the feature of today's session of the legislative committee probing the methods of the life insurance companies of this state.

Defense of the syndicate was made by Cromwell soon after he was called to the stand and in an address in which he explained the operations of these syndicates. When he became treasurer of the Mutual Life the total assets were \$100,000,000, now the transactions in his department exceed \$100,000,000 per annum. It is impossible to buy advantageously large blocks of securities except as they are floated by the syndicates, he said, and we have to go into them to get our investments and get them in sufficient size and at "ground floor" prices. We could not make our investments without syndicates and we are partners in every syndicate into which we go. The company's assets are now over \$450,000,000, and while it has \$100,000,000 invested in bonds and mortgages, it is constantly under the necessity of finding additional investments for the accumulations of funds.

Acknowledgment of personal profits was made in a tabulated statement presented to the committee after recess. It showed that Cromwell had made a personal profit of \$26,371 from syndicate operations during the last five years in which he individually and the Mutual Life Insurance company had participated. When probing transactions in Pennsylvania railroad 3% convertibles, in which Cromwell made no personal profit, the witness stated the Mutual Life's holdings in the Pennsylvania railroad was \$5,000,000. It was also stated the \$1,000,000 subscription to the Japanese loan was shared by the United States Mortgage and Trust company and Guarantee Trust company because the Mutual Life had put men in the directorate of these companies to look after its own interests.

"The result of our connection with these companies," said Cromwell, "is that in fourteen years we have made through them a profit of \$15,000,000 for policy holders. If we had not these institutions we should have to turn the Mutual Life into a banking institution as well as a life insurance company. This we could not do. This being the state of the case, it is natural we should help these subsidiary institutions to make money and should throw opportunities in their way. The men we put in them are not there for their own profit. They never get a dollar out of the Mutual Life and every cent they make through these trust companies and banks for the Mutual is for the policy holders and policy holders alone."

Although refusing to treat directly with the union, railroads have agreed to meet employees as individuals and arrangements have been made by the union to have a committee representing the men in each freight house to meet the railroad officials to-morrow in an effort to reach an agreement. General managers of the railroads, it was said to night, would agree to sign a working agreement similar to that which expired last June, but would refuse to recognize the union or agree to any increase in the wage scale. Heretofore the roads have been unwilling to renew the agreement or even agree to arbitrate the difficulty.

"The public are as crazy about football as the students," he said, and adds that one might as well ask collegemen not to share in the excitement of a presidential election as to expect them not to participate in the prevalent craze for athletics.

Cologne, Sept. 13.—The Gazette prints an incorrect dispatch from Berlin correcting the report the German government had refused to grant an exequatur to J. Martin Miller, whom President Roosevelt appointed consul at Aix la Chapelle. Day said that when he took the office of controller of the Equitable he understood he was to be trustee of a fund of \$105,000,000 in the Equitable vault. The Game of Hillocks.

Hillocks is a fine game for the seashore. Make nine small hillocks or cones on the sand. These hillocks must be at least two yards apart, and the tops should be flattened sufficiently to hold a golf ball. Each hillock has a numbered paper stuck in the side. The game is played with small hoops, and the object is to throw them in such a way as to knock a ball from its pedestal. This is not an easy thing to do unless the hoop is thrown with a peculiar twist of the wrist. Each player has three chances in turn unless his hoop falls over the hillock at its base without moving the ball from position, in which case his turn is at an end. The player who knocks off the greatest number of balls wins.

NORWAY-SWEDEN DISSOLUTION

SITUATION IS BECOMING MORE SERIOUS

Owing to Determined Attitude of Swedish Commission—Delegates Resume Negotiations at Karlebad.

London, Sept. 13.—Dispatches from Christiania represent the situation between Norway and Sweden as serious owing to the determined attitude of the Swedish commissioners. Dispatches from Stockholm, however, are less pessimistic and express hope amicus vivenda will be arranged.

Much interest has been aroused by the presence in London during the last few days of Fridtjof Nansen, arctic explorer, who, in February last, was considered to be a likely candidate for the premiership of Norway, and who since the dissolution of the union has been spoken of as the probable first minister of Norway to Great Britain.

According to a dispatch to the Telegraph from Gothenburg, Sweden, it is believed Norway will accept Swedish terms and that Sweden will agree to an arbitration treaty.

The correspondent of the Times at Karlebad says he believes there is a disposition on both sides to yield on questions of demolition of fortifications and an arbitration treaty. Sweden, he says, does not want the historical fortresses destroyed and that if Norway is willing to demolish the modern forts Sweden will be ready to conclude an arbitration treaty for settlement of all future differences, but not those affecting questions now under discussion.

Stockholm, Sept. 13.—An authoritative statement referring to erroneous reports circulated abroad is published in which it is declared the Swedish has not demanded dismantling of the historic fortifications near Fredrikstad and Kongsvinger, but has asked only for demolition of new fortifications erected during the past ten years, which were believed to be intended as a menace to Sweden.

WILL RESUME NEGOTIATIONS.

Karlebad, Sweden, Sept. 13.—Norwegian and Swedish delegates appointed to discuss dissolution of Norway and Sweden have arrived here to resume negotiations.

DENIAL GIVEN.

Christiania, Sept. 13.—Semi-official denial is given to night to a statement printed in the Dagblad of Stockholm to day, that the second to sixth year classes of the Norwegian conscription have been mobilized. It is said only a few guards of the Norwegian army near the frontier have been called to arms. A dispatch to the Aftenposten from Karlebad says that a feeling of depression prevails as to the attitude of Swedish commerce regarding fortifications has grown stronger. The dispatch says it is hoped, however, a modus vivendi will be reached after the signing of a treaty of arbitration.

Lieb denies all the charges made against him.

When in Doubt Use Ideal Coal

Wise people are laying in their winter's supply of coal now. You don't need it for immediate use, perhaps—but the time is not far off when you will need it, and then you will have it on hand.

Maybe you did not use Ideal coal last winter, and perhaps the coal you did use would not catch rapidly, nor keep fire over night. If such was the case, you will see a difference if you will use Ideal coal this winter.

Ideal coal is not ideal in name only—it gives more heat to the ton than any other coal on the market, and we can prove it.

Your order will receive prompt attention. Phone Illinois 10 and 13 or Bell Main 516.

THE WOMAN'S COLLEGE

AUSPICIOUS BEGINNING OF THE WORK OF THE NEW YEAR

Largest Enrollment During the Life of That Excellent and Useful Institution.

Again the Woman's college has entered upon its work of a new year, and again president, teachers and pupils are in their accustomed places, ready to begin their respective duties. The opening exercises were in the chapel Wednesday morning and an array of bright, intelligent faces appeared before those seated upon the platform in the north end of the apartment. Professor Stead took his place at the piano and led the music in the devotional exercises and it was good throughout. Dr. Harker announced the gift of a hundred new Methodist hymnals by a friend who preferred not to be known. It was certainly a generous deed and one fully appreciated by the friends of the institution. Dr. Harker asked the pupils and all others who could do so to join with him in repeating the 23rd Psalm and the first chapter of the first epistle of John, after which Dr. H. H. Oneal, pastor of Grace M. E. church, offered an earnest prayer.

Dr. Harker said he had two prayers at the beginning of his year; one was that of Moses:

"If thy presence go not with us, carry us not up hence."

And the other was that of the Psalmist for grace and ability to do the work allotted him. He said the school stood essentially for three things:

1. Religion.
2. Education of the mind.
3. Physical culture.

It was said by some that men alone should give attention to educating and strengthening the muscles, but it was a great mistake, for women have greater burdens to bear than men and should have well developed bodies. He trusted all would make the acquaintance of Miss Homewood and get the best possible from her. This year would see the beginning of the new gymnasium, and before June next they would be sure to see strong intellectual and physical work accomplished. He referred in a complimentary way to the president of the board of trustees, a gentleman who had held the office for many years, had labored most zealously for the good of the college and had it always on his heart. He was not a snarker, but had an able representative present who would address the pupils for him; but he would arise and let the audience look upon him, and Mr. A. C. Wadsworth stood and was greeted with applause.

Dr. Harker said the representative of the worthy president of the board was the son of the latter, a gentleman who had always had a liking for the college, in fact, couldn't be kept away from it, and had wound up by taking away one of the pupils for a life partner; and he introduced Rev. Julian Wadsworth, of Brockton, Mass., a gentleman born and reared in this city, but now doing a great and successful work in the ministry in New England.

Mr. Wadsworth's remarks were most excellent. He suggested that if the management didn't want young men about the institution they should not make it so attractive. He told feelingly of the many hallowed associations connected with the college and the city, and dwelt with enthusiasm on the great and substantial progress being made—advancement which must be apparent to any person. He felt a genuine hesitation in appearing before the august faculty, a feeling which existed years ago and which he had never been able to overcome. There had recently been much improvement in methods of education and he congratulated all the young ladies on coming to Jacksonville and attending such an institution as this. Certainly the college and the city never looked more beautiful and the season of the year more propitious for the beginning of the work. He was glad for the spiritual atmosphere which existed in the college; he was glad that the institution was so in harmony with what God would have it be and do, and he was happy in coming thus to his old home and standing for his honored father who had labored so long for the welfare of the college where the influence of his work would be felt for years to come.

The gentleman was accorded hearty applause. Dr. W. Nichols spoke and then Prof. John H. Woods of the city library made some very felicitous remarks. He told of his friendship for the young people and his desire for their advancement and referred to the work in which he was engaged and the benefit it had been to the young ladies in the past and might be in the future if they would avail themselves of it as they should, and he hoped they would all feel perfectly at home at the city library and call for any assistance they might need and it would be gladly accorded by Miss Drake, the librarian, or any of her three assistants. The young ladies were delighted with the gentleman's remarks and

were not slow to express their sentiments. The usual announcements were then made and teachers and pupils repaired to their respective places and the work of the year was begun.

Mysterious Guests.

The game of mysterious guests is played as follows: The people assemble in one room. A stranger appears at the door. He is dressed to represent some character in history, poetry or song. The purpose of the game is to recognize who the guest is. He may be Shalala the Sailor, Martha Washington, Santa Claus or Little Boopie or a host of other friends of us all. As the guessers say "It is so-and-so," if their guess be wrong the mysterious guest shakes his head sadly. If the guess be right he claps his hands, bows pleasantly and disappears. A lot of fun can be had at a children's gathering where the characters chosen are all popular with the children's tastes.

SAVE YOUR HEALTH

It is Worth Saying and Some Jacksonville People Know How to Save It.

There are some people who take their lives in their hands by continuing to neglect their kidneys, when they know these organs need help.

Sick kidneys are responsible for an immense amount of suffering and ill health, but there is no need to suffer or to remain in danger when all diseases and sufferings arising from sick kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills.

Here is the statement of one Jacksonville person who has reclaimed good health by the use of this remedy:

A. H. Coffman, of West Morgan street, dealer in second hand furniture and stoves, says: "Across my joints just over those organs there was a heavy aching pain. I could not rest long, either sitting or lying, and in the morning I always felt more tired and depressed than when I went to bed. The pains became more persistent and the kidney secretions were highly colored and irregular; in fact my general health was run down. I tried different medicines, but remained the same. Seeing Doan's Kidney Pills highly recommended I got a box at Dr. H. Lee Hatch's drug store and used them. They worked like a charm, giving a healthy and natural action to the kidneys and relieved my back of distressing aches and pains."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Prominent Springfield Resident Dead—Owen Scott of Decatur Has New Shipping Project—New City Hall for Decatur—George H. Souther Dead.

Springfield—George H. Souther, vice president of the Sangamon Loan and Trust company, and one of the most prominent men in the city of Springfield, died suddenly at his home on South Sixth street Wednesday morning at 6 o'clock.

Mr. Souther was born in Essex county, Massachusetts, his parents being Mr. and Mrs. Timothy Souther. Early in life his parents removed to the Mississippi valley, settling in Alton in the early period of the development of the state. Here Mr. Souther completed his education. For some years previous to the civil war he was engaged in merchandising at Alton, but at the beginning of hostilities he enlisted in the Seventeenth Illinois infantry, Co. F. Immediately after the war Mr. Souther held several public positions, and in 1871 he engaged in the banking business in this city with Mr. H. C. Latham. Since 1886, when he organized with Mr. Henry Latham, the Sangamon Loan and Trust Company bank, he has been a leading factor in the banking interests of Springfield. His wife was Miss Nannie E. Latham, sister of Mr. Henry Latham, and daughter of Richard Latham, a prominent member of one of the pioneer families of Illinois. His children are Mr. Latham Souther, who has been associated with his father in the bank, Miss Lucy Souther and Miss Elizabeth Souther. His sister, Mrs. Elizabeth Johnson, of Decatur, and a brother, E. E. Souther, of St. Louis, survive him.

NEW SHIPPING ENTERPRISE.

Decatur—Mr. Owen Scott, of Decatur, well known in this city as a politician and editor, has embarked in a new business. Mr. Scott was a Democrat once and broke into congress from the rock ribbed McLean county district. Later he bought the Decatur Herald, from which he recently retired. Mr. Scott's new enterprise is the Western Export company. This is a Decatur enterprise, capitalized at \$100,000, and among the people interested in it are J. J. Finn, Owen Scott, H. R. Woodcock of Macon, and H. A. W. Corfield, of the English firm of Corfield & Plumptre, the latter being the promoter of the enterprise.

It is a sort of co-operative concern, shippers to be taken in as stockholders and divide the profits with the company. Grain, feed and foodstuffs, livestock, etc., will be exported, and the shippers will be able to save the intermediate profits that usually go to agents. It is intended to ship direct to Europe from Decatur, and it is expected to make favorable arrangements with transportation lines so that the lowest possible rates will be secured.

It is claimed that the margin of profit in Europe on the class of goods that will be exported is from 10 to 15 per cent better than can be secured in the American markets. Arrangements with a foreign broker will be made to have the interests of the stockholders looked after across the water. It is said that already enough business has been guaranteed to amount to \$17,000 annually, and this is expected to be steadily increased.

Clinton—Preliminary steps have been taken in court here toward instituting a \$10,000 damage suit against Tom Walters for the killing of Lydia Grant. Urhah S. Grant, father of the dead girl, came to Clinton from Kenney Monday and his attorney, L. R. Herrick, obtained administration papers for Tony Hoff as administrator of the estate of Lydia Grant, the papers setting up a claim of \$10,000 against Tom Walters for wrongfully causing the death of Lydia Grant.

Pleasant Plains—H. M. Harnsberger, an old resident of Pleasant Plains, and vice president of the Sangamon Old Settlers' association, is lying in a very critical condition at his home as the result of a stroke of paralysis. At noon Wednesday his condition was reported serious. He has lost control of his entire right side. He sustained the stroke Sunday. Saturday he was in Springfield and seemed to be in his usual good health.

HARD TO BELIEVE

Story That Will Interest Smokers, Told as Though It Were True.

A well known farmer, says an eastern exchange, fed his horse by mistake a quantity of poultry food, thinking it was stock food, and the mistake was not noticed until the horse had scratched up half the garden and showed signs of wanting to set.

While this sounds a little improbable yet one of the clerks at Armstrong & Armstrong's tells a story akin to it. They have recently secured the agency for Wadsworth Bros.' Chicos, a cigar that sells for 5c, but is the equal in quality of any 10c cigar, and in fact is preferred by many smokers. They induced one of their customers who had never smoked anything but an ordinary 5c cigar to try a Chico, with the result that he now wants high grade goods in all lines.

Don't buy a Wadsworth Bros.' Chicos because it is cheap; buy it because it is good, because it is a clear long Havana filler, because it has a high grade tobacco flavor and a delightful aroma, because it's the best cigar you can get for solid enjoyment—and there is a satisfaction in feeling that you are getting all this for a nickel.

Piano Economy

Some people pay more than a piano is worth to be sure of a good one—You might call that "insurance."

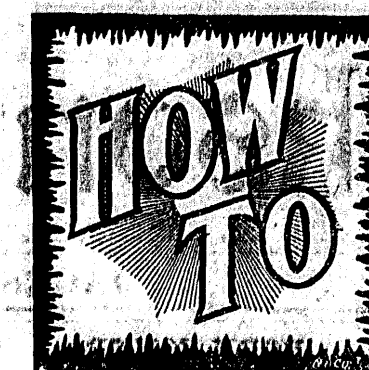

Others pay less than A PIANO is worth to be sure it is cheap—simply a waste of money.

We do not ask you to pay more than is just, nor will we advise you to pay less than is safe, but we have a variety and they each have a standard of quality worthy of the price asked.

CHAPIN WON.

In an exciting game of baseball at the south side ball park in Chapin Wednesday afternoon, Bluffs was defeated by Chapin by a score of 9 to 1. The Bluffs team has been a rival of Chapin's team for some time, and as each team had won one game before, this was to be the final game and the team that won was to have the full game receipts, the losing team to pay their own expenses. The lineups were as follows:

Bluffs—Andrews, left fielder; McDullon, shortstop; Doyle, third base; Richards, first base; Jackson, second base; Ryde, center fielder; Allen, right field; Masters, catcher; Schauble, pitcher.

Chapin—C. Smith, first base; A. Smith, second base; Houston, pitcher; D. Smith, catcher; Eagan, third base; McKimney, shortstop; Tucker, left fielder; Vennetier, center fielder; Evans, right fielder.

The score by innings:
1 2 3 4 5 6 7 8 9
Bluffs 0 0 0 0 0 0 1 0—1
Chapin 0 2 1 1 3 1 0 x—9

JUSTICE COURTS.

Newton Turner and Fred Wright were before Squire Gray Wednesday, charged with malicious mischief, the complainant being Sheridan Burnett, of Waverly. It seems that Wright was in the employ of Burnett, and that during the summer the latter went to Kansas, leaving strict injunctions that a certain valuable horse belonging to him was not to be used. Wright and Turner are said to have driven the horse about Aug. 23, and the animal died the next day, presumably from the effects of the drive. The charge resulted. The boys were put under bonds of \$400 each, which they gave. J. J. Roeve of this city and E. E. Eiter of Waverly represented the defendants, and the prosecution was assisted by T. F. Smith.

OPERA HOUSE TO NIGHT.

Elmer Walters' "A Thoroughbred Tramp," which appears at the opera house to night, carries a thorough equipment for the presentation of the play. Much pains have been taken to make the new third act (the hospital ward for the feeble-minded) natural and picturesque. "A Thoroughbred Tramp" unquestionably exceeds all other dramas of its class and certain it is that the comedy element is more hilarious.

T. Rush Thompson is one of the most humorous character parts ever conceived, and though but a vagabond, the character carries prestige with the refined theatre goer.

GRANT AND LEE.

President Roosevelt now has a Grant and a Lee as his military aides. Capt. Fitzhugh Lee, of the Seventh cavalry, was under orders to sail for the Philippines when he was intercepted by an order to report to Colonel Bromwell, superintendent of public buildings and grounds in Washington, as his assistant; and to act as one of the president's aides at the white house. Captain Lee will have as his associate Lieut. U. S. Grant of the engineer corps, a son of Gen. Fred Grant, and a grandson of President Grant.

It is a singular and an interesting coincidence that these two officers should be fellow aides of the president. The grandfather of one and the great uncle of the other some forty years ago were the commanding generals of the opposing armies in the great civil war. The father of Captain Lee, who won distinction on the confederate side in that war, afterward fought for the stars and stripes, and recently died a major general on the retired list of the United States army. The "reunited nation" is now an old story. Nothing more splendidly emphasized it than the response of the south to the nation's call in the war with Spain, when such men as Fitzhugh and "Joe" Wheeler with thousands of their southern brethren rushed to arms. The president's act in choosing scions of the two great leaders of the opposing forces in the blue and the gray as his aides is a tactful, graceful recognition of the now firmly cemented ties of brotherhood.

CULLOM MEN TO MEET.

Senator Shelby M. Cullom is arranging political conferences in several counties in central Illinois, to be held in the near future. The first is scheduled for Springfield next Monday, when a number of prominent politicians will meet the senator. All the meetings are being arranged by United States District Attorney W. A. Northcott.

A committee of five members in each county has charge of the conferences. The meetings will be held at intervals and permanent organizations will be perfected. The local gathering probably will be held at the Lehigh, where Senator Cullom will be located until after the state fair.—Springfield Journal.

MILK CASE ON TRIAL.

"No person can be held guilty of an offense unless he has knowledge of it."

"If adulterated milk was exposed for sale, whether wilfully or not, you must find the defendant guilty."

These statements made to the jury in the case of the city against Conrad Wirth, proprietor of the Springfield dairy, in Justice Conolly's court Wednesday morning, proved that the case is to be a lawyer's battle. The first statement was made by Attorney Snigg, who represents Mr. Wirth, and the opposing statement was made by Attorney Graham for the prosecution.

A jury was secured and the prosecution of the case against Mr. Wirth on a charge of selling or exposing for sale milk in which there was a quantity of formaldehyde was begun shortly before noon. A number of witnesses are to be heard. The arguments before the jury, however, showed upon what each side is depending for the winning of his case.—Springfield News.

FOR THE CHILDREN

An Aesop's Fable.

Sir Godfrey Lagdon, having found his stables in Johannesburg overrun with rats, had great difficulty in putting down the pest. They lay off by day, did great mischief at night and wouldn't look near a trap. However, he killed a good many by one plan. He placed a square box, two feet deep, lined with tin, in a room, and inside the box put some burnt cheese. No self respecting rat can resist toasted cheese, but, having got inside the box (which was easy), it was quite another thing to climb up the slippery sides, and so several rats perished. One morning Sir Godfrey's children found a rat in the box and placed their cat—an excellent rat-ter—beside it for company. But the two animals chummed up in the friendliest way, and the cat at last jumped out. Then a dachshund was introduced. The dog showed fight at once, but the rat dodged it cleverly round and round, and finally climbing on the dog's back, leaped out of the box and escaped.

YANKEE'S SALUTE TO REBEL FLAG

(Copyright by Charles Henry Dummer, 1905.)

'Tis but a ghost, the shadow of a flag,
A worn, torn fragment, to be blent, a rag.

Blackened by smoke, bespattered by the mire,
Riddled by Yankee bullets, scorched by fire.

How dingy is this border—lace and gold;
Ah! there are dark red spots upon this fold.

This tattered rag, most useless thing on earth,
Pure sentiment invests with priceless worth.

Where are the fair young hands that wrought these stars,
The generous youth that fought beneath the bars?

Ah! warm young blood of heroes freely shed
And tears of mothers consecrate each thread.

Young, vigorous hands once bore thee forth to war;
Feeble hands that take thee back once more.

Thou wast most bravely won and bravely lost.
To win, to lose thee! Ah! how great the cost!

But nobler triumphs by thy restitution's won.
One generous act does more than years have done.

Refrain:
Columbia loves her children all the same;
Her fairest child, the south, like all the rest;

Sweet is the hour when the angry child comes back
And rests, forgiven, on its mother's breast.

—Charles Henry Dummer.

BURGLAR SHOT

Green County Prowler Received Charge of Bucksbot While Attempting Entrance to Residence of A. T. Steelman Near Roodhouse.

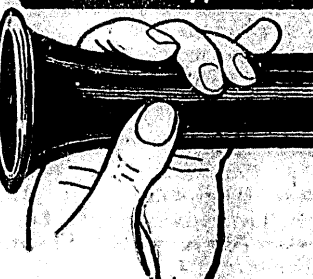

About 1 o'clock Tuesday morning a thief attempted to effect an entrance into A. T. Steelman's residence, two miles west of Barrow, in Greene county. He had opened the screen door and had just partly opened the main door when Mrs. Steelman heard him, closed the door and gave the alarm.

The members of the family were quickly aroused and William Steelman, who had armed himself with a shotgun, saw the fellow at the milk house, about twenty-five yards away, and fired at him through the screen door. The greater part of the load of No. 8 shot struck a post, but the thief received shots in one of his hands and in his stomach.

Dr. Smith, of Roodhouse, dressed the wounds, but whether fatal or not is not known at this hour. If any of the shots perforated the walls of the stomach the case is a serious one.

Constable Moses Hudson came over from Roodhouse and took the man to Carrollton on the morning train. Hudson found ten pocketbooks, two revolvers, watches, scissors and other articles on his person and in a package he had left at a straw stack. The man is a typical tramp, aged about 55 years. He flatly refused to give his name or any information that would disclose his identity.

HENDERSON.

Word was received in this city Wednesday of the death of Eliza Henderson, near Greenfield, Greene county. She was a sister of Mrs. Martha Metcalf of South Main street and an aunt of James Waller of Superior avenue, this city.

FUNERALS

HENDERSON.

The funeral of Noah Henderson, the veteran cabinman of Springfield, was held at the Hemberger undertaking establishment in that city Wednesday morning at 10:30 o'clock, in charge of Rev. William Schulze, pastor of St. John's German Lutheran church. The bearers were six of the cab drivers of the city.

Mr. and Mrs. Charles Dalrymple and Harry Edmondson of this city and Mr. and Mrs. William Henderson of Cracker's Bend, all relatives of the deceased, attended the funeral. Noah Henderson was a well known character in Springfield. Concerning him the State Journal of Wednesday said:

"Perhaps no man in Springfield who occupied such a humble station in life as that of the late veteran 'cabby' Noah Henderson, was ever paid a higher tribute of respect. Scores of persons called at the undertaking establishment of Hemberger & Co., yesterday to view the remains."

"Included in the throng that went to take a look at the man cold in death were persons high in the social and financial world. There were men who thought that there was no luck driver like Noah. Then there were the associates of Henderson. Naturally, one would think these luck drivers who called to pay their respects to the dead are a hard hearted set of men, but there was not a single one among them who did not evidence his grief."

"Rich people as well as poor called up the establishment by phone all day long to enquire when the funeral was to be held. Others came themselves to enquire. Gen. Alfred Orendoff was among the early arrivals to take a look at the departed. He took with him a design sent by Mrs. Orendoff. Alderman John McCreery was among the number who called. Miss Franklin, sister-in-law of Rev. Alexander Allen, sent floral offerings. His associates and Undertakers Hemberger and Schneider and the attaches of Salzenstein's livery where Henderson was employed twenty years, gave a large broken wheel studded with flowers."

POSTLEY.

The funeral of Joseph Theodore Postley was conducted from the residence, 527 North Sandy street, Wednesday afternoon, in charge of Rev. J. O. Derriek, assisted by Rev. H. Lackey. The floral tributes were in charge of Mrs. Dollie Smith.

At the conclusion of the services the remains were borne to Jacksonville cemetery for interment.

MAYES.

The funeral of Miss Maude Mayes was held Wednesday afternoon at 2 o'clock in charge of Rev. C. F. Baker. The remains were laid to rest in Arcadia cemetery.

RAILROAD NEWS NOTES

C. B. Wade Formerly of the Burlington Now Trainmaster of the Ft. Smith & Western Was Here Wednesday—Inter-urban Survey—Alton Real Estate Agents.

C. B. Wade, who for so many years ran a passenger train on the old Jacksonville Southeastern line, was calling on his many friends in the city Wednesday. Mr. Wade is now trainmaster of the Ft. Smith & Western railroad, with headquarters in Dusten, Ind. Ter., in the Creek nation. He has been located there for the past year.

The work of surveying for the Jacksonville & Alton interurban railroad is being pushed forward as rapidly as possible. The surveyors, seventeen in number, are now working between Woodson and Murrayville, and use Woodson as their headquarters. They expect to reach this city in about ten days.

The Alton officials have been watching very closely the tests of the Union Pacific gasoline motor cars. They have been advised that the second test of a car at Omaha, Neb., is a complete success, as is shown by experiments made during the last two days. The new car is built on the plans of the first, which is in regular service between Kearney and Callaway, Neb., but is almost twice as large. The new car is 55 feet long and seats fifty-six people, while No. 1 is but 30 feet long and seats but twenty-five persons. No. 2 has two trucks instead of the single truck, as is used on the pioneer car. The new car has made successful trial runs to South Omaha and Cut-Off lake.

Bascomi Lair has left Central hospital and taken a position with the carpenter force at the car shops.

The regular monthly meeting of the C. & A. officials was held Wednesday in Springfield. The matter of a winter time card was discussed and it is probable they will issue an order taking off some of the Sunday excursion trains.

Benjamin Knudson, of Springfield, has been appointed right of way agent for the C. & A. railway in Sangamon county, with full power to negotiate, purchase and adjust all claims relative to the Murrayville extension.

Three car loads of pipe for the Jacksonville waterworks plant at Bluffs passed through the city Wednesday on Wabash local No. 71.

A special car was attached to passenger train No. 9 on the Wabash Wednesday, bearing the Blanche Walsh company, enroute to Quincy.

J. W. Powell, of Peoria, representing the Merchants' Despatch Transportation company, was in the city Wednesday.

John Sours, of Havana, roadmaster of the C. P. & St. L., was a city visitor Wednesday.

J. K. Howard, superintendent of maintenance of way for the C. P. & St. L., was in the city Wednesday looking after the placing of a stub switch to run to the new building of the Illinois Steel Bridge company.

A special train passed through the city Wednesday about 12:30 p. m., east bound on the Wabash, bearing the parties who have been attending the G. A. R. encampment at Denver, Colo.

As a result of the visit of General Manager C. A. Goodnow, of the Alton, to the city Saturday evening, T. H. Duckthorpe has been employed to secure the right of way between Murrayville and Springfield for the line known as the Iles cutoff.

Secure seats to day for the "Royal Chef." Prices from 25c to \$1.50.

WALLACE RELEASED

Judge Thompson's Decision in Roodhouse Case Against Creditors.

Quincy, Sept. 13.—Leo J. Kadeski, of the Defiance Garment company of this city, one of the alleged victims of Wallace, a former merchant at Roodhouse, Ill., against whom numerous alleged creditors recently instituted legal proceedings on the charge of obtaining money under false pretenses, in a telegram to the Quincy Whig last night says Wallace was discharged by Judge Thompson in the circuit court at Carrollton.

Judge Thompson is of Jacksonville. In rendering his decision in the case he claims that under the Illinois criminal code, section 97, a person obtaining goods under false pretenses must be tried in the county from which the goods were shipped.

The case against Wallace is one which has been pending in the courts for over a year. Mr. Kadeski, upon his departure for Carrollton, expressed the belief that ample evidence had been collected by himself and other creditors of the defendant Wallace to establish their claims that he had obtained credit of them by misrepresenting that they were selling to his brothers, whose commercial rating is good. There were over forty witnesses from five different states at the trial.

Wanted—Experienced saleslady. Apply at once at Herman's.

CARD OF THANKS.

The management of Passavant hospital wishes to thank the local order of Eagles for their liberal donation made the hospital at the close of the carnival held recently.

CLASSED AS

"YEGGMAN"

Alleged Counterfeiter so Named by Secret Service Man—Now in Jail in Quincy.

Quincy, Sept. 13.—Owing to the lateness of certain trains, delaying the arrival of witnesses, the United States district court adjourned this morning until this afternoon.

John Wellington, an alleged counterfeiter arrested in Jacksonville, was brought to this city last night and will be tried here before the federal court now in session. Meanwhile he occupies a cell at the police station.

Wellington was taken to Springfield yesterday by Deputy Chief Marshal Griffith and Secret Service Detective Gorman. He waived preliminary examination before the board of commissioners there and was then sent to Quincy.

Wellington is uncommunicative and reticent about telling of himself. He says he has no home or relatives and was born in Kansas City, Kan. Mr. Gorman has been quizzing the prisoner about different things and classes him as a Yeggman. "Wellington denies everything," said the secret service man. "He says that he was never at the asylum in Jacksonville and claims that his name is not Wellington. He's a typical Yeggman. There's little doubt about it. I have used some of the slang in talking to him. When a man says he doesn't know anything and refuses to talk about himself you can put it down something is wrong." The prisoner asserts that his real name is John Metz and Gorman is inclined to believe him in this particular.

In his mail this morning Chief Ahern received a letter from Superintendent Zeller, of the Bartonville asylum for incurable insane. "I have the honor to report," he writes, "the escape of Frank Reading, an inmate from Adams county. At one time

he was in the employ of A. Brown, Front and Spring streets, Quincy. Should he show up around his old haunts please return him and notify us." Reading was taken in custody by Patrolman Tom Ryan this forenoon and is in jail here.

In the cell with Reading, this morning, was John Wellington, accused of counterfeiting. He and Reading got along very well together. Wellington smoked cigarettes and Reading a corncob pipe. Reading pulled off his shoes and perched himself upon an upper berth and smoked and grunted. Wellington sat on the lower berth on the opposite side of the cell and played solitaire with a second hand deck of cards.

SPRINGFIELD LIGHT TANGLE.

Springfield, Sept. 13.—Whether a committee of arbitrators will be appointed to adjust the electric light tangle rests with Emil G. Schmidt, in the opinion of the city officials. "It's up to Mr. Schmidt," said Mayor Devereux. "The city is willing to pay a fair price, but would not be willing to pay for a lot of junk. The council stands ready to pay for whatever belongs to the Utilities company—that is, whatever concededly belongs to the company. The lease has expired, and the city is entitled to the property."

The mayor held an informal conference with Mr. Schmidt regarding the lighting question, Monday, but no decision in the matter was reached. The mayor says he is ready to name a member of the proposed board of arbitrators whenever Mr. Schmidt signifies his acquiescence in the plan. It is suggested that the committee consist of three members, one to represent the Utilities company, a second to represent the council and the third to be a disinterested person. The mayor believes the Utilities company should have its lawyers look after its interests, if the company shall so elect, but does not favor having counsel in the meeting to arrange for the appointment of such a board.

Mr. Schmidt is out of the city and could not be seen relative to his readiness to agree to the mayor's plan.

THE WORK OF THE JUVENILE COURT

Miss Lucille Eaves Now a Guest in the City Is Engaged in Original Research Regarding the Development of This New Branch of Jurisprudence.

Miss Lucille Eaves, of San Francisco, Cal., arrived in the city Wednesday and is a guest of her grandmother, Mrs. Harriet Wier, at 623 West State street. Miss Eaves has made a close study of sociology for a number of years, has made many addresses and has written extensively for the press and magazines on the subject. She is at present engaged in some original research work regarding the history and development of the juvenile court. She has visited many of the large centers of the country and more particularly her data has been secured from the cities of San Francisco, Cal., Portland, Ore., Denver, Col., and Kansas City, Mo. Miss Eaves expects to visit Chicago, Ithaca, N. Y., and other points before entering upon a compilation of the data secured. She will spend the next year at Columbia university, New York city, where, in company with a number of eminent sociologists, she will continue her work, and within the next twelve months will publish the result of her investigations.

Miss Eaves is a graduate of the Leland Stanford university and has done post graduate work at the Chicago university, and for two years was instructor in history at her alma mater. For the past two years she has been in charge of the college settlement work at San Francisco, the largest settlement on the Pacific coast.

The workings of the juvenile court may still be said to be in an experimental stage and there is absolutely no uniformity in the methods employed in the various courts. The power vested in the judges of juvenile courts is not clearly defined and the broad character of the jurisdiction exercised has in many instances been vigorously opposed by lawyers who feel that the admission of any encroachment in the matter of established legal procedure is a dangerous precedent. The work of Miss Eaves has the promise of being fraught with deep interest and her elaboration of the facts secured will doubtless be a valuable contribution to sociological literature.

Miss Eaves is a niece of Miller Weir and a cousin of Frank Elliott and J. Weir Elliott of this city.
